E. The facts of my case are as follows. Attach additional pages if needed.

I was written up February 2, 2016 by Robert Antil with false information. When attempting to correct and prove my way of works, showing past and present work habits (with supporting emails and call ticketing reports) I was suspended without pay. Robert Antill was one of four directors, that I had to report too within nine years of service. The other three directors seen my worth and gave me a 50K raise within that time frame.

Then while on FMLA, I was terminated on the same false information. However, as I reflex on the situation I notice that Antil had different standard for females and males. When there was enough information to write up a male, they were only told, not to do that and/or swept it under the rug (sometimes given less work). The only male terminated was only because a female on the job was involved and Robert Antil said that why he was pursuing the issue.

(Note: As additional support for the facts of your claim, you may attach to this complaint a copy of your charge filed with the Equal Employment Opportunity Commission, or the charge filed with the relevant state or city human rights division.)

(Note: Attach a copy of the Notice of Right to Sue letter from the Equal Employment Opportunity Commission to this complaint.)

- C. Only litigants alleging age discrimination must answer this question.

Since filing my charge of age discrimination with the Equal Employment Opportunity Commission regarding the defendant's alleged discriminatory conduct *(check one)*:

☒

60 days or more have elapsed.

☐

less than 60 days have elapsed.

V. Relief

State briefly and precisely what damages or other relief the plaintiff asks the court to order. Do not make legal arguments. Include any basis for claiming that the wrongs alleged are continuing at the present time. Include the amounts of any actual damages claimed for the acts alleged and the basis for these amounts. Include any punitive or exemplary damages claimed, the amounts, and the reasons you claim you are entitled to actual or punitive money damages.

I am asking that all false documents to be removed from my records and to be awarded full retirement benefits. To include my continuing ten years of service, with a cost of living increase for each year. Plus two year back pay averaging \$887,186.10. In my past work history, I was always the go to person, to complete any assignment and the only reason my employment was terminated was due to acquisitions. With some of the data center closer I was paid a stick around bonus to help retrieve the final data. The only company that still exist today acquisition included a merge (ConocoPhillips) and requested the educational package.

THE EEOC IS CLOSING ITS FILE ON THIS CHARGE FOR THE FOLLOWING REASON:

The facts alleged in the charge fail to state a claim under any of the statutes enforced by the EEOC.

Your allegations did not involve a disability as defined by the Americans With Disabilities Act.

The Respondent employs less than the required number of employees or is not otherwise covered by the statutes.

Your charge was not timely filed with EEOC; in other words, you waited too long after the date(s) of the alleged discrimination to file your charge.

The EEOC issues the following determination: Based upon its investigation, the EEOC is unable to conclude that the information obtained establishes violations of the statutes. This does not certify that the respondent is in compliance with the statutes. No finding is made as to any other issues that might be construed as having been raised by this charge.

The EEOC has adopted the findings of the state or local fair employment practices agency that investigated this charge.

Other (briefly state)

- NOTICE OF SUIT RIGHTS -

(See the additional information attached to this form.)

Title VII, the Americans with Disabilities Act, the Genetic Information Nondiscrimination Act, or the Age Discrimination in Employment Act: This will be the only notice of dismissal and of your right to sue that we will send you. You may file a lawsuit against the respondent(s) under federal law based on this charge in federal or state court. Your lawsuit **must be filed WITHIN 90 DAYS of your receipt of this notice**; or your right to sue based on this charge will be lost. (The time limit for filing suit based on a claim under state law may be different.)

Equal Pay Act (EPA): EPA suits must be filed in federal or state court within 2 years (3 years for willful violations) of the alleged EPA underpayment. This means that **backpay due for any violations that occurred more than 2 years (3 years) before you file suit may not be collectible.**

**INFORMATION RELATED TO FILING SUIT
UNDER THE LAWS ENFORCED BY THE EEOC**

*(This information relates to filing suit in Federal or State court under Federal law.
If you also plan to sue claiming violations of State law, please be aware that time limits and other
provisions of State law may be shorter or more limited than those described below.)*

**PRIVATE SUIT RIGHTS -- Title VII of the Civil Rights Act, the Americans with Disabilities Act (ADA),
the Genetic Information Nondiscrimination Act (GINA), or the Age
Discrimination in Employment Act (ADEA):**

In order to pursue this matter further, you must file a lawsuit against the respondent(s) named in the charge **within 90 days of the date you receive this Notice**. Therefore, you should **keep a record of this date**. Once this 90-day period is over, your right to sue based on the charge referred to in this Notice will be lost. If you intend to consult an attorney, you should do so promptly. Give your attorney a copy of this Notice, and its envelope, and tell him or her the date you received it. Furthermore, in order to avoid any question that you did not act in a timely manner, it is prudent that your suit be filed **within 90 days of the date this Notice was mailed to you** (as indicated where the Notice is signed) or the date of the postmark, if later.

Your lawsuit may be filed in U.S. District Court or a State court of competent jurisdiction. (Usually, the appropriate State court is the general civil trial court.) Whether you file in Federal or State court is a matter for you to decide after talking to your attorney. Filing this Notice is not enough. You must file a "complaint" that contains a short statement of the facts of your case which shows that you are entitled to relief. Courts often require that a copy of your charge must be attached to the complaint you file in court. If so, you should remove your birth date from the charge. Some courts will not accept your complaint where the charge includes a date of birth. Your suit may include any matter alleged in the charge or, to the extent permitted by court decisions, matters like or related to the matters alleged in the charge. Generally, suits are brought in the State where the alleged unlawful practice occurred, but in some cases can be brought where relevant employment records are kept, where the employment would have been, or where the respondent has its main office. If you have simple questions, you usually can get answers from the office of the clerk of the court where you are bringing suit, but do not expect that office to write your complaint or make legal strategy decisions for you.

PRIVATE SUIT RIGHTS -- Equal Pay Act (EPA):

EPA suits must be filed in court within 2 years (3 years for willful violations) of the alleged EPA underpayment: back pay due for violations that occurred **more than 2 years (3 years) before you file suit** may not be collectible. For example, if you were underpaid under the EPA for work performed from 7/1/08 to 12/1/08, you should file suit **before 7/1/10 -- not 12/1/10** -- in order to recover unpaid wages due for July 2008. This time limit for filing an EPA suit is separate from the 90-day filing period under Title VII, the ADA, GINA or the ADEA referred to above. Therefore, if you also plan to sue under Title VII, the ADA, GINA or the ADEA, in addition to suing on the EPA claim, suit must be filed within 90 days of this Notice and within the 2- or 3-year EPA back pay recovery period.

ATTORNEY REPRESENTATION -- Title VII, the ADA or GINA:

If you cannot afford or have been unable to obtain a lawyer to represent you, the U.S. District Court having jurisdiction in your case may, in limited circumstances, assist you in obtaining a lawyer. Requests for such assistance must be made to the U.S. District Court in the form and manner it requires (you should be prepared to explain in detail your efforts to retain an attorney). Requests should be made well before the end of the 90-day period mentioned above, because such requests do not relieve you of the requirement to bring suit within 90 days.

ATTORNEY REFERRAL AND EEOC ASSISTANCE -- All Statutes:

You may contact the EEOC representative shown on your Notice if you need help in finding a lawyer or if you have any questions about your legal rights, including advice on which U.S. District Court can hear your case. If you need to inspect or obtain a copy of information in EEOC's file on the charge, please request it promptly in writing and provide your charge number (as shown on your Notice). ~~While EEOC destroys charge files after a certain time, all charge files~~ are kept for at least 6 months after our last action on the case. Therefore, if you file suit and want to review the charge file, **please make your review request within 6 months of this Notice**. (Before filing suit, any request should be made within the next 90 days.)

IF YOU FILE SUIT, PLEASE SEND A COPY OF YOUR COURT COMPLAINT TO THIS OFFICE.

Subject: Replication Issue
Importance: High

Bob Mark M, said that I can contact you to see if you could send one of the guys to help me with our replication issue with our remote sites.
 All of our Dc's can replicate to **SVPHCAD2** (have a table with that information) but in the Name server it will not resolve to this server.

I removed it and added it back it finds the ip but it still will not connect (I get the server with this IP address is not authoritative for the required zone) message.

Edit Name Server Record

Enter a server name and one or more IP addresses. Both are required to identify the name server.

Server fully qualified domain name (FQDN):
 Resolve

IP Addresses of this NS record:

IP Address	Validated	Notes
<Click here to add an IP Address>		
10.30.27.140		The server with this IP address is not ...

OK Cancel

From HCCCODC3 it's trying to resolve to 10.30.24.140
 DNS server: 10.30.24.140 (<name unavailable>)

The document states the issue has been fixed as you can see issue is still not fixed

On February 9, 2016 the written notice did not state that I had to consult with my supervisor before engaging with outside departments regarding request for assistance. It stated that I directly asked CTS to open a trouble ticket with Microsoft (in which was untrue as well) and that has always been policy that I have continue to follow.

The request to not call CTS until you approve it, was a request that you gave me verbally on February 19, 2016 after you talked to Bob Reasoner on February 17, 2016, on the phone and requested that he call Microsoft, because they could not come up to an conclusion of the issue as well. *Mark Antill requested the call*

I have an email that reached out to Bob Reasoner stating that Mark M told me to give him a call to see if they could help resolve this issue. No one is stating that the issues, are issue that has happen on their side (CTC) in which I do not have control and I have to request that they make the necessary changes to resolve so of the issues.

It is stated that February 15th that I visited CTS regarding the issue and that is gain untrue. I did not visited them until after our meeting, which took place on February 17th, in which I stated at the meeting, that I was working with them today on the issue. In which they found out that they could not resolve and that they would have to call Microsoft for assistant.

REMARKS:

(Set forth all facts in detail)

On Tuesday, February 9th, you were given written notice of your failure to follow office procedures which stated that you were to consult with your supervisor *before* engaging with any outside department regarding request for assistance.

On Monday, February 15th, you visited with CTS (Central Technology Services) regarding an ongoing issue with CCO DC (Domain Controllers) not replicating without prior consent from your Supervisor.

On Wednesday, February 17th, you went to CTS and spent most of the day with CTS personnel troubleshooting the CCO DC issue. CTS went so far as to open a support ticket with Microsoft at a cost of \$1,000. You did all this without prior consent of your supervisor. In fact, no one in the CCO IT department knew you were at CTS until later that day. This is unacceptable. As an employee of the County Clerk's Office, you are required to follow the supervision of those who have supervisory roles over you.

As a result of your insubordination, you will be suspended for two days, without pay, Thursday, March 3rd and Friday, March 4th, 2016.

Improvement in your job performance must be shown immediately. Nothing prohibits immediate termination at any time should circumstances so warrant.

Be. working. I have no problem with this.

REMARKS:

(Set forth all facts in detail)

You went outside normal office procedures when you contacted Central Technology Services (CTS) regarding an internal issue with the County Clerk's Office (CCO) Domain Controllers. You requested help directly from CTS in resolving the issue; itself, not a bad practice. When you directly asked CTS to open a Microsoft trouble ticket, at the expense of \$250.00 per hour, is when you went outside normal procedures.

Office policy states that any request for expenditures are to be directed and approved through the proper channels.

In addition, the immediate request to CTS for assistance, without fully understanding the issue at hand, was premature and fruitless as the issue, ultimately, was on the CCO side. The issue was resolved when additional CCO personnel properly diagnosed and corrected the configuration. This was at additional costs and time that could have been easily avoided. Had the Domain Controllers been properly configured to begin with, which is your responsibility, this all could have been avoided.

He states that I went over his head and asked someone to called Microsoft to fix and issue, in which was false. I make a point to create a call ticket with CTS for any work issue that needs addressing.

When I work on service agreements quotes with anybody I always take it to my department heads to sign off on it because I know I do not have any power. So why would I start now?

Again below you can see my practices that I use when requesting services from CTS.

There are attached documents showing how I am getting written up with false information and that I have supporting documents that proves that the information is false. I started this grievance process to handle this situation that is part of the continue harassment, that I have been receiving for months now. It seems unfair that I can be written up with false information and other are learning from their mistakes. Please call me at 281-808-5583 to clarify any information. As stated before this harassment has nothing to do with my work performance and it is clearly personal.

Nature of grievance:

Mrs. Laura Sheppard notified me Wednesday February 24, 2016, that a warning notice report was added to my employment records. This is an unfair and not support write up that was written up on hearsay and not any supporting documents (that is part of the mission statement that the county clerk stand behind). In compliance with the open record act, there are years and/or months of documents leading up to this notice that will support the way that I always conduct business. I have never, nor will I ever go above management, to approve a process, in which I have always been aware of the steps of approval. I am very aware that I am not authorize to make such a judgement.

A Just and Fair Solution to my grievance is: Have the document that was based on hearsay, contradictions and intimidations removed from my records and please start applying our mission statement.
